A GOOD TIP FOR A GOOD TIME!

**After nearly 30 years on the road as one of the most pioneering bands with influences from American 50s and 60s "Chicken Skin Music", "Good Time Charlie" are ready with 13 new songs that oozes energy and magical charm.**

GTC is described as "tradition bearers for authenticity, love and respect to the subject," while the band is able to innovate and take the music forward in a genre where most of the originality and innovation ebbed out many years ago.

### Garage A-Go-Go

Garage A-Go-Go! is a fusion of the 60s intense garage rock, and the explosive and energetic sound of soul music - in short, garage soul - A GOOD TIP FOR A GOOD TIME!

### Real purified music!

After taking a new direction with the critically acclaimed and Norwegian Grammy nominated "Mojo Energy" in 2008, they're now out with "GARAGE A GO-GO!" As a stylish, uncompromising rude and high-energy musical experience.

The band has a strong focus on the huge power that occurs when the personal and musical chemistry fully agree, and that the lyrics and songs should have a coherence, strength and nerve. The album was recorded in the legendary Duper Studio and is produced by GTC and Yngve Leidulv Saetre (Dum Dum Boys, Kaizers Orchestra, DeLillos, Datarock, Magnet).

Yngve Saetre has once again created an updated, vibrant and fresh production that ensures that the GTC's distinctive and authentic "sound" is adapted to the present.
